

### ADVANCED EDUCATION

Is a specialized program that allows current high school students to enroll in college classes - TUITION FREE. 9th-12th graders can benefit from this presentation by learning what classes are available to high school students, the benefits of taking college classes, how to enroll in classes, what services we can provide, and gain some helpful tips on becoming a successful college student. It is helpful to have a family member attend this presentation along with you so they can help you enroll!

November 17<sup>th</sup>, 3:00pm or December 8<sup>th</sup>, 3:00pm     [~REGISTER HERE~](#)

### CHOOSE FLC!

Join us for our informative presentation about Folsom Lake College, guided by our Outreach staff and FLC Success Coaches. Our Success Coaches are specialized in assisting new students to have a seamless transition from high school to college. Attendees will have the opportunity to ask questions specific to their educational journey.

November 30<sup>th</sup>, 4:00pm     [~REGISTER HERE~](#)

### CAREER EDUCATION

Presentations showcase the various degree and certificate programs that FLC has to offer, spanning many different career tracks, fields, and industries. Career Education Programs are catered towards specialized skilled trades, modern technologies, and applied arts and sciences, which allow you to gain valuable work experience through internships, work-based learning and industry certificate opportunities.
